In the book *\*From Doctor to Patient\**, Dr. Amy Johnson shares her personal journey of going from being a successful doctor to becoming a patient herself. Through her experiences, she explores the complexities of the healthcare system, the importance of patient advocacy, and the transformative power of holistic healing.

Dr. Johnson's story begins with her diagnosis of breast cancer. As a doctor, she knew the statistics and the treatments. But as a patient, she experienced the healthcare system from a whole new perspective. She saw the challenges of navigating the medical bureaucracy, the importance of having a strong support system, and the need for patient advocacy.

Through her journey, Dr. Johnson learned the importance of holistic healing. She realized that true healing goes beyond physical treatment and encompasses emotional, mental, and spiritual well-being. She shares her experiences with meditation, yoga, and other holistic practices, and how they helped her to heal both physically and emotionally.

*\*From Doctor to Patient\** is a powerful and inspiring memoir that will resonate with anyone who has ever been a patient or who has loved someone who has been sick. It is a story of hope, resilience, and the transformative power of healing.

### **What readers are saying about *\*From Doctor to Patient\****

"This book is a must-read for anyone who has ever been a patient or who has loved someone who has been sick. It is a powerful and inspiring story of hope, resilience, and the transformative power of healing." - Our Book Library reviewer

"Dr. Johnson's story is a reminder that we are all more than our diagnoses. She shows us that it is possible to heal both physically and emotionally, and that true healing goes beyond the hospital walls." - Goodreads reviewer

"This book is a gift. It is a gift of hope, inspiration, and wisdom. Dr. Johnson's story is a reminder that we are all capable of healing, and that we are all deserving of love and compassion." - Reader review
